DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

2. Claims 1-6, 8, 10, and 11 are rejected under 35 U.S.C. 102(e) as being anticipated by KOBAYASHI et al. (6,817,740). Kobayashi et al. discloses an image capture means and road determination means in col.5 and light distribution control means in col.7, lines 1-30. Re claim 2, Kobayashi et al. discloses in col.6, lines 1-30 controlling light distribution based on leading and oncoming vehicles. Re claims 3-4, see col. 16, lines 26-41 for variation of the light distribution "little by little". Re claim 5, see Fig.5 for the swiveling of the headlamp. Re claim 6, see Fig.4 for the vertical movement of the cut-off line. Re claim 8, see col.5, lines 25-47 for the image capture details. Re claims 10 and

11, see col.5, lines 1-25 for recognition of center line, road shoulder line and road structures.

Allowable Subject Matter

3. Claims 7 and 9 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
